Dominant Dosha: **Pitta**

■ **Your Balance Score**

60/100 (Higher = more dominant imbalance)

Dosha	Percentage
Vata	7%
Pitta	60%
Kapha	33%

■ **What You Should Do Today**

- Avoid spicy food
- Stay cool
- Practice deep breathing

■ ■ **Possible Imbalance Causes**

- Too much spicy food
- Stress
- Overworking

■ **Personalized Insights**

- Your lean body suggests Vata dominance — focus on strength and warm meals.
- Sensitive skin shows Pitta — avoid heat and spicy food.
- Moderate sleep is healthy for Pitta.
- Stress causes withdrawal — Kapha trait.
- Slow digestion = Kapha trait.
- Low steady energy = Kapha.

- Calm mood = Kapha.
- Sharp memory = Pitta.
- Prefers cool = Pitta.
- Strong appetite = Pitta.
- Leader = Pitta.
- Anger = Pitta.
- Prefers cool food = Pitta.
- Focused = Pitta.
- Lazy mornings = Kapha.

■ **Diet Recommendation**

- • Prefer cooling foods like cucumber, coconut water, and leafy greens.
- • Avoid spicy, fried, and overly salty foods.
- • Include dairy like milk and ghee in moderation.
- • Stay hydrated throughout the day.

■ **Yoga Suggestions**

- • Cooling yoga like Moon Salutations.
- • Avoid overheating and intense workouts.
- • Practice Sheetalī and deep breathing.
- • Include meditation for emotional balance.

■ **3-Day Wellness Plan**

- Day 1: Cooling foods + meditation
- Day 2: Light yoga + hydration
- Day 3: Calm routine + avoid heat

■ **Why this result?**

Your responses indicate higher Pitta characteristics based on your daily habits, diet, sleep, and emotional patterns.

Consistency is the key to balance. Follow your plan daily and retake the quiz after a week.
